

EDUCATION:

Bengaluru, India	Nitte Meenakshi institute of Technology	Aug 2023 - Present
Bachelor of Engineering	Computer Science and Engineering	GPA: 8.13

SKILLS:

Strength: Data Structures | Algorithms | OOP Languages: C | Java | HTML | CSS | JS | Python | SQL
Tools and Tech: Github | MySQL | Matplotlib | IntelliJ | VS Code | AIML | Data Science | Eclipse | Cloud

EXPERIENCE:

Java Developer Intern	Oasis Infobyte	Oct 2024 - Present
-----------------------	----------------	--------------------

- Developed and implemented interactive Java applications, including a "Guess the Number" game, **ATM Management System**, and an **Online Examination System**. Applied **object-oriented programming** principles to design clean, efficient, and reusable code as in Gained hands-on experience with exception handling, **file handling**, and **data structures in Java**.
- Collaborated with team members to **optimize system functionality** and **troubleshoot bugs** during the development phase and Documented codebase and created detailed reports for **project milestones**, ensuring smooth project hand overs.
- Tech Stack:** Java | Android | Git | OOP | File Handling | Data Structures

Data Science Intern	Skillcraft Technology	Sept 2024 - Oct 2024
---------------------	-----------------------	----------------------

- Conducted data cleaning and **Exploratory Data Analysis (EDA)** to uncover key insights and Utilized **pandas** and **NumPy** for data manipulation, **matplotlib** and **seaborn** for generating visualizations that revealed patterns in the dataset.
- Tech Stack:** Python, pandas, NumPy, matplotlib, seaborn, Data Cleaning, Exploratory Data Analysis (EDA), Data Visualization.

TECHNICAL PROJECTS:

College Hostel Management System	Oct 2024
----------------------------------	----------

- Developed a comprehensive college hostel management website featuring **User Registration**, **Leave applications**, and **Fee payment**, **Parcel collection** enhancing student accessibility to essential services.
- Tech Stack:** HTML | CSS | JavaScript | SQL

Guess the Number Game	Sep 2024
-----------------------	----------

- Created an interactive "Guess the Number" game in Java, using the **Random class** to generate a random number, allowing users to guess the correct value within a specified range.
- Added **input validation** and hints for **higher or lower guesses** to improve user experience.
- Tech Stack:** Java | OOPS | Eclipse

Basic Python Games	Dec 2023
--------------------	----------

- Developed basic **Python games** that incorporate **user interaction** and game logic, **enhancing engagement** and providing a fun experience. Utilized **fundamental programming concepts** to create a seamless **gameplay experience**.

ACHIEVEMENTS:

- Core Member-Google Developer Students Club.
- Certified in Cloud Computing Foundations by Great Learning.
- Java Foundation Certification-Infosys Springboard.
